IN CONGRESS, JULY 4, 1776.

The unanimous Declaration of the thirteen united States of America,

When in the course of human events it becomes necessary for one people to dissolve the political bonds which have connected them with another, and to assume among the powers of the earth, the separate and equal station to which the Laws of Nature and of Nature's God entitle them; a decent respect to the opinions of mankind requires that they should declare the causes which impel them to the separation.

We hold these truths to be self-evident, that all men are created equal; that they are endowed by their Creator with certain unalienable Rights, that among these are Life, Liberty and the pursuit of Happiness.— That to secure these rights, Governments are instituted among Men, deriving their just powers from the consent of the governed,— That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness. Prudence, indeed, will dictate that Governments long established should not be changed for light and transient causes; and accordingly all experience hath shewn, that mankind are more disposed to suffer, while evils are sufferable, than to right themselves by abolishing the forms to which they are accustomed. But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Tyranny, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.— Such has been the patient suffering of these Colonies, and such the heartiness with which they now unite to do away with all connection with Great Britain, that the United States of America, by the unanimous Declaration of the thirteen united States of America, in Congress assembled, appealing to the Supreme Judge of the world for the rectitude of our intentions, do, in the Name of the good People of these Colonies, solemnly publish and declare, That these United Colonies are, and of Right ought to be Free and Independent States; that they are absolved from all Allegiance to the British Crown, and that all political connection between them and the State of Great Britain, is and ought to be totally dissolved; and that as Free and Independent States, they have full Power to levy War, conclude Peace, contract Alliances, establish Commerce, and to do all other Acts and Things which Independent States may of right do.— And for the support of this Declaration, with a firm reliance on the protection of Divine Providence, we mutually pledge to each other our Lives, our Fortunes and our sacred Honor.

SIGHTS

Go Ygnacio Valley High,
We have our highest hopes for you.
Our team will be victorious.
Fight for the Gold and Blue.
Go, Fight, Win.
Come on Warriors, scalp'em all.
Win or lose we're for you.
Ygnacio Valley High School,
Gold and Blue.

The beginning

Walk-Thru

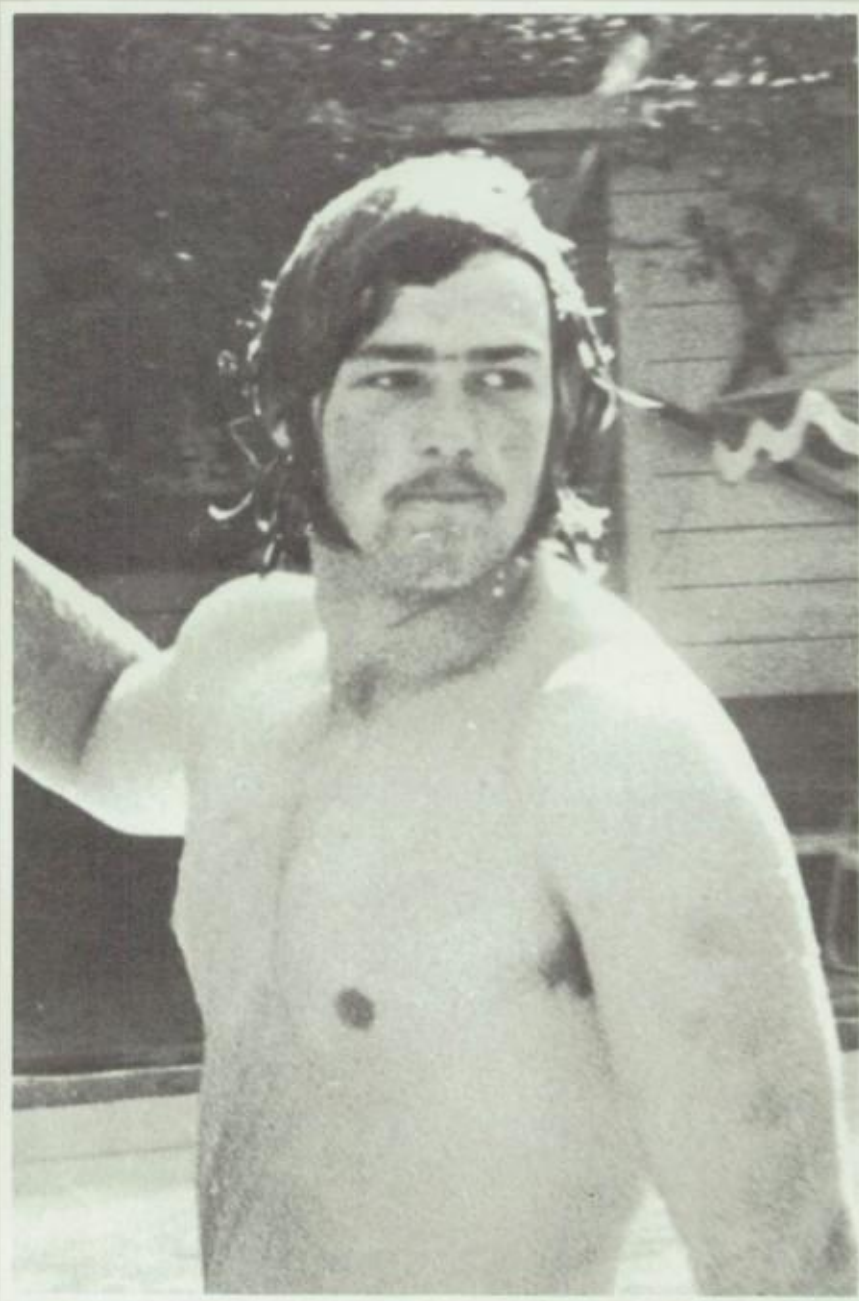

Mass confusion,
headaches, promises and
bribes!
But after the hassle and
frustration, somehow
everyone manages to pull
through...sometimes.

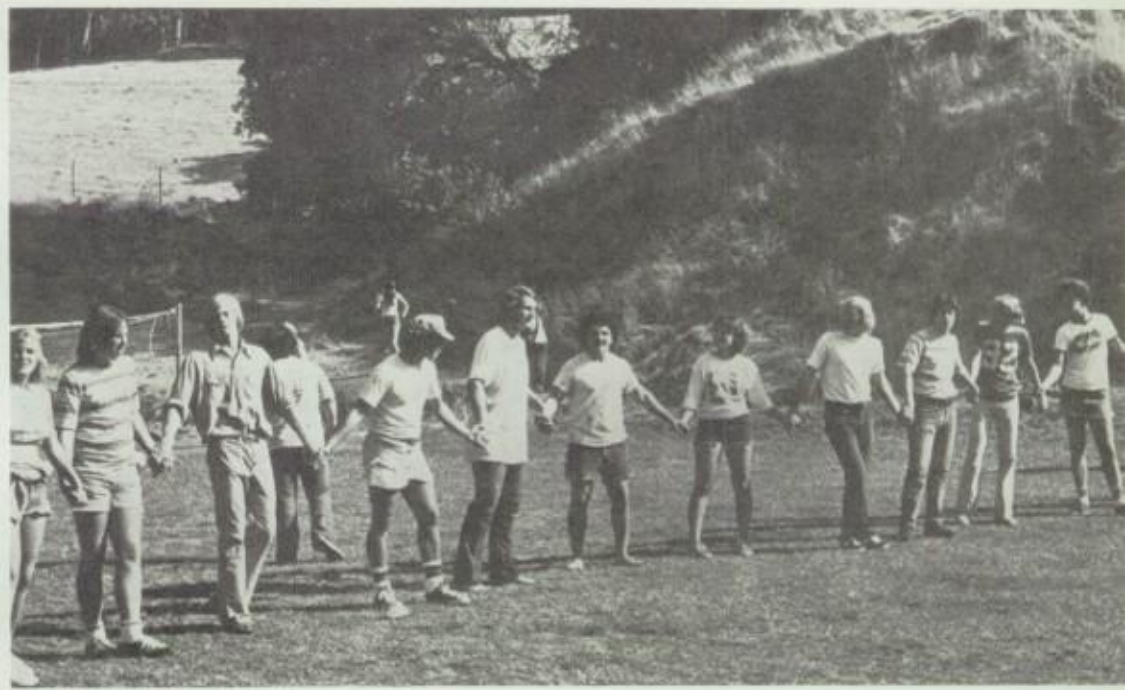

In every year, one day is set aside. On October 2nd the Class of '76 headed out to Turtle Rock Ranch for a day of hot dogs, swimming, watermelon eating contest, three legged races, good times, seniors playing Red Rover, and everyone getting high off of friendship, sunshine and laughter.

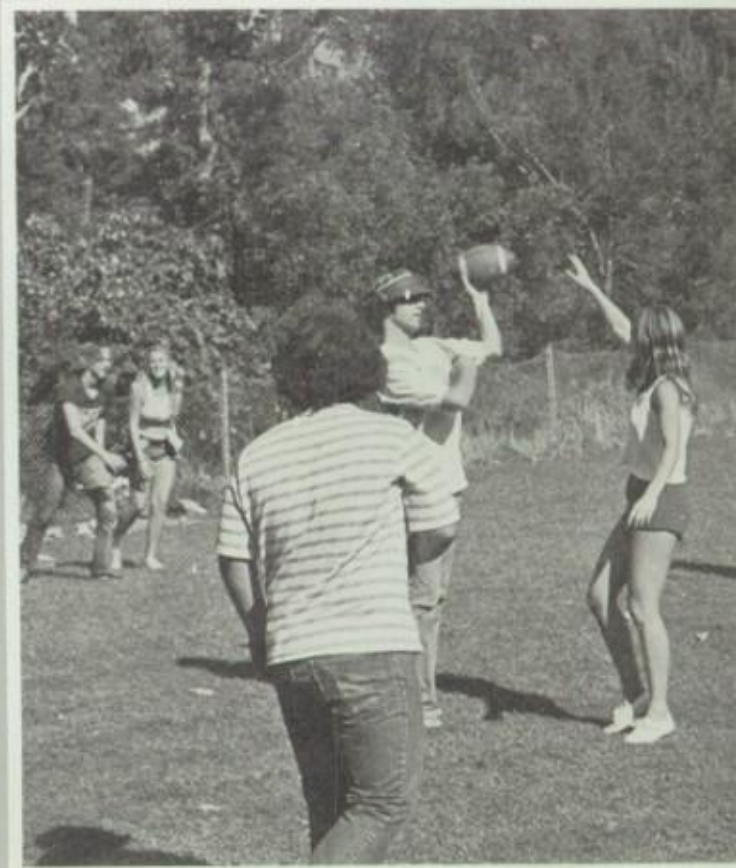

Even though our senior class is
smaller the bond of friendship
is stronger than ever.

P.S. the girls beat the boys
in tug-a-war!

HOMECOMING

The Homecoming week is not only a time for past alumni but for us. This year was successful with the theme of America's bicentennial with activities ranging from whipped cream fights to, a teacher rally. Climaxing the week were the slave sale, our homecoming game with College Park, and the crowning of the Queen!

Alternative School

★ — ★ — About Us — ★ — ★

The Alternative School of Yucatan Valley High, came into being three years ago at the end of the semester. It was formed by students and teachers in response to the need for more alternative education for students who have different needs, needs, such as fulfilling more personal interests or enjoying a more relaxed, unstructured, and unpressured atmosphere through independent study. Students can set to know each other through working together in a type of community.

This program has had a history of an ever changing number of students each semester for reasons of freedom, competition with other programs in the school, and uncertainty about its existence.

Near the end of last year, the Alternative School was informed that there would not be an Alternative School for this year. Due to a low budget priority, this was a hard time to the people who had worked so hard to see it through the last few years. But somehow, with enough support and energy from the right people, we are here again.

This year there are 25 students in the Alternative School, all of whom must have permission from parents to be in the school. They must also sign a written list of agreements that was put together by members of the school a few months ago. These agreements are open to change through majority desire. They must be made and carried through in order to be part of the school.

The agreements include such things as the agreement to attend the school, and others relating to attendance, open campus, and attending various meetings. They state that each student will spend a minimum amount of time on each subject, i.e., the English, or math per quarter. This corresponds with the amount of time one would spend in a regular classroom.

Any person, including any one of the agreements must appear before a review board made for the purpose of dealing with those who do not follow them. This board will be open each individual case and decide what action should be taken, if any. The board is composed of three students, one teacher, and one administrator.

At the beginning of the quarter, each student meets with one of the teachers to discuss individually to make goals for each class, and ways in which they will be achieved. When grading time comes around, the student will work together with the same teacher to see how well these goals and ways have been carried out. This process of making goals for each class on a personal level may help eliminate one's interest in doing just special activities in that person.

If desired, this person may get all of his/her class time into one particular subject, rather than generally skimming over various subjects as is often done in a classroom situation.

Those who are interested in or have a strong need for a particular subject have the option to attend with it themselves, to work alone with the help of a teacher meeting with them as often as desired, or to attend class.

The Senior Womens Organization is not just an ordinary organization. It is an organization to bring the Senior Women together for the services of our school. These Senior Women have united for our schools benefit and this year have done an outstanding job for which we give our sincere thanks.

This years Senior Mens Organization helped with the orientation of the Freshman and have added to the 1975-76 spirit of Ygnacio. The Senior Men have worked very hard to do their best. They have given their support too many activities and we owe our gratitude to this highly spirited group.

Smoke Signal

This year the Smoke Signal has done an exceptional job. Even with the paper shortage they somehow managed to pull through with a great paper. The Smoke Signal has informed us of news and whats been happening. The paper gets around to all the different groups of people and has become a part of Ygnacio.

Wrestlerettes

Tom Steinbrecker taking a Pleasant Hill wrestler down.

This was a building year for the wrestling team, having gone through the season winning only one meet and losing a few close ones. The team was young, only four wrestlers had previous wrestling experience and only one year at that. Next year if everyone comes out the wrestling team could be a contender for the League Title. Coach Armstrong is looking for strong performances from all his wrestlers. This year Dave Lonestar and Tom Steinbrecker were co-captains. Strong performances will be expected from Dave and John Lonestar, Tom Steinbrecker, Mike Walters, the Leckies, the Hendersons, and Warren Anderson next year.

"Spirit, spirit yes we do, we got spirit how 'bout you?" It sounds familiar if you've attended any of Y.V.'s many games and have seen and heard the rowdy rah-rah's cheer for their team.

Lots of time, money, and effort was put into the many routines and cheers that they performed this year and we'd like to say it was a job well done!

"Everything that is right or reasonable pleads for separation. The blood of the slain, the weeping voice of nature cries, 'tis time to part'." — *Thomas Paine*.

Waking up on the morning of your last day of school.
Having spent 12 years of life getting here.
Tomorrow, not a child anymore
But a young adult of today's world.
On with the robes and off to the Pavilion,
Together with teachers and your class for the last time.
The mind wanders.
Non-descript official hands you the paper
To be kept for life.
The unreplaceable diploma.
Always the questions inside each.
The fear that 4 years
Really wasn't enough to make you ready.
But it makes no difference,
There's no going back, only ahead.
Learning what is necessary as you go.
A child today
But tomorrow, a child no longer.
